#### MAKE-UP

Remember we are performing on stage and lights have a tendency to wash out the faces. Please be sure to wear bright make-up - **All dancers need to have on Blush, Lipstick, Eye shadow and Mascara.** Older dancers need liner on their upper lid. Make-up is very important. We have very bright stage lights and in order for the dancers' features (eyes, lips/smile, etc) to be seen and for the dancers not to look washed out it is crucial that every dancer has make-up on.

Please no Lip Gloss! Hair will stick to it and it looks too shiny on stage. Lipstick suggestion - Mabelle Color Sensation "Perfect Plum" (this lip color is wonderful - it goes with all skin tones and most costume colors).

If dancers have light eyebrows, you can lightly fill them in using a brow power or pencil. It really helps the eyes stand out on stage.

You can check our Performance Make-up Guide on our website if you need help applying your make-up.
